ROCKY FLATS ENVIRONMENTAL TECHNOLOGY SITE

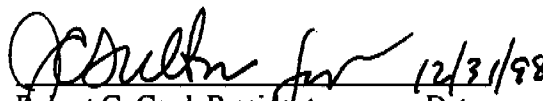

1998 Pollution Prevention
Program Certification

Each of the undersigned, being an authorized representative of the above-referenced facility's holder of RCRA Permit No. CO-97-05-30-01, hereby certifies that the relevant permittee maintains an economically practical program to reduce the volume/quantity and toxicity of hazardous waste generated at the facility; and uses practicable treatment, storage or disposal methods which minimize the present and future threat to human health and the environment. The waste minimization program, which is being implemented, is described in a written plan maintained as part of the facility's operating record.
